

AutoCAD Extended (CD2)

Course overview

The aim of this course is to teach advanced drafting techniques using the AutoCAD software package to produce two dimensional drawings. A hands-on course aimed to give the participants an understanding of some of the advanced functions that are frequently used in AutoCAD software.

Learners should be familiar with AutoCAD before undertaking this course.

Suitable for

Current users of the AutoCAD software package and others who would like to upgrade their skills.

Course outcomes & benefits

The tutorials cover advanced topic areas: set up drawing templates, set up and use library files for repetitive use and learn skills required to produce multi-view and multi-scaled drawings that are used in AutoCAD software.

Course content

- Setting up of Drawing Template
- Create Library Symbols and Inserting
- Multiview and Multi-scaled drawing - Model view Method
- Multiview and Multi-Scaled drawing - Model view and Paper space method

Duration & course dates

1 day Sat 28/03/09 or
Sat 28/11/09

Cost

\$375

Assessment

There is no assessment on this course.

Location

Ground Floor UNSW L5 Building, 223 Anzac Parade, Kensington NSW 2033
